

- Surface Mount (Wall or Ceiling)
- Optional Recessed (Wall or Ceiling)
- White Polycarbonate Body
- Translucent Polycarbonate Cover
- Ingress Protection Rating - IP65
- Can operate from a 50V, 110V or a 240V CBS
- Samsung LED's

A stylish and compact IP65 rated luminaire suitable for mounting a number of different ways. The unit is suitable for use with 50V, 110V, or 240V AC/DC central battery systems.

The fitting is not only more compact than the majority of LED bulkheads, but offers an impressive 345 delivered lumen.

## Order Codes

CB5S/CPH

Centrally Supplied IP65 High Output Bulkhead

## Technical Details:

|                             |  |
|-----------------------------|--|
| Mains Supply                | 230-240V AC 50/60 Hz                   |
| Power Consumption (240V AC) | 3.6W, 36mA, $\lambda = 0.41$ , VA 8.8  |
| Power Consumption (240V DC) | 3.36W, 14mA                            |
| Power Consumption (110V AC) | 3.6W, 54mA, $\lambda = 0.58$ , VA 6.1  |
| Power Consumption (110V DC) | 3.3W, 30mA                             |
| Power Consumption (50V AC)  | 4.4W, 135mA, $\lambda = 0.65$ , VA 6.9 |
| Power Consumption (50V DC)  | 3.9W, 78mA                             |
| Ingress Protection Rating   | IP65                                   |
| Light Source                | 8 pcs Samsung LED 6800K                |
| Lumen Output                | 345 Delivered Lumens                   |
| Weight                      | 0.55Kg                                 |
